The image shows a smartphone displaying a mobile application interface for a service named "Moqups". The top status bar indicates signal strength, Wi-Fi, the time (12:51 AM), and battery level (100%). Below the status bar is a grey header bar with a "Close" button on the left. The main content area has two tabs at the top: "Deposit" (selected) and "Withdraw".

The central part of the screen features a pink background. On the left, there is a large smiley face icon followed by the text "skylying". To the right of this is a red rectangular button labeled "Transaction History >".

Below the smiley face, there are two large numerical values: "13,023,203" and "24,002", separated by a vertical line. Underneath each value is a small circular icon: a yellow one for "Gold" and a silver one for "Silver".

At the bottom of the pink section, there is a row of four small rectangular input fields, each containing four squares. Below these fields is the text "Minimum \$ 10 Maximum \$ 3,000".

A "Deposit Amount :" label is followed by a text input field containing the placeholder "Integer no less than 1".

A "Tips" section contains five numbered tips:

1. Fill the amount you want.
2. An 1-time QR code will be generated after submission.
3. Launch QQ in your smartphone, then scan QR code, you will be redirect to payment page.
4. If all the information are correct, click submit again.
5. Estimated transferring time is 15 minutes.

At the bottom center is a large grey "Submit" button.

The bottom of the phone shows a home button.
